# Acknowledgements

- A small vote of thanks for all who have helped me in this journey of App Development – My parents, Clevered mentor Ms Mani and Mr Ken.

# About Me..

- My name is Rhea.
- I am eight years old.
- I am in 2<sup>nd</sup> grade.
- I go to Liberty Ridge Elementary school, Woodbury Minnesota, USA.
- I like art and science.

# About My Internship with Clevered..

- **Internship experience with Clevered.**

My internship experience has been good. I learned how to code in Snap using speaking and listening blocks. I learned how to create apps.

- **Badges Earned**

- Rockstar for Attentiveness
- Rockstar badge for Homework – 2
- Rockstar badge for Teamwork

# About App..

- The app is an “Ask me Anything Chatbot”. This app is limited to South American countries. You can tell a South American country and the app will display the country flag and talk about the country.

The background of the slide features a teal color with a faint, white network pattern of interconnected dots and lines, suggesting a digital or social network theme.

**How do I use the App?**

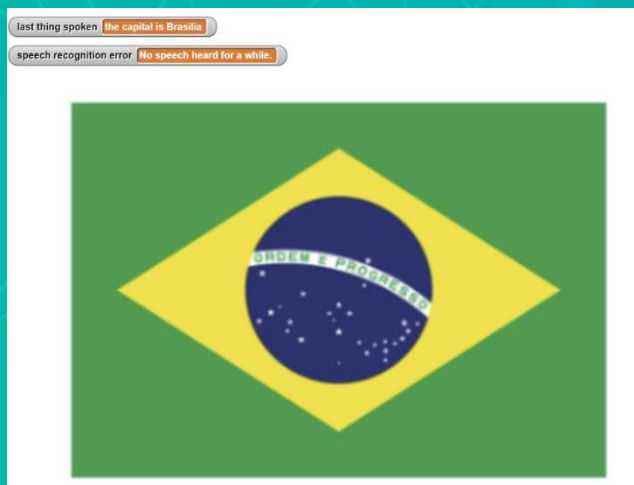

# Option Name

(This will be repeated for each option of the App)

- Once you press the green button, the app will ask you to pick a South American country from the list.
- Once the user says a South American country, the app will show the country flag and provides some facts about the country.

# Option Name

- Once the user is done using the app, the user needs to say, "I am done". The app stops and displays the message "Thank you for using my Chatbot".

# Contact Information

- Please reach out to Rhea Hittin at [mayur.hittin@gmail.com](mailto:mayur.hittin@gmail.com) for any questions/ concerns/ suggestions on the App

**Thank you!**
